

Responsive Information for

EPA-2023-001468 FOIA

On December 23, 2022, FOIA requester Steven Robinson asked EPA for the following information:

- a sanitized copy of the premanufacture notice (PMN) for case number P-20-0102 (for coal, brown, ammoxidized (Chemical Abstracts Service Registry Number (CAS RN) 2413186-32-8)) and copies of the engineering, exposure, and health reports that EPA generated for PMN P-20-0102.

On January 23, 2023, EPA caseworker Tracey Klosterman provided requester Cogency Global Inc. with the following publicly available information sources that respond to the request:

- **P-20-0102 Sanitized Premanufacture Notice**
